About this export

Exported files

File formats

Some file formats (e.g. html, png) will be viewable in your browser, and will appear as clickable links below that will open the file once you've fully extracted your archive. Other file types can be opened by their appropriate applications by navigating through the archive's directory. You can click on any folders that may be present to see their contents.

Data that are still in the process of being deleted are not included in your archive. [Learn more](#) about your deleted data.

Data included

Records of your activity data, along with image and audio attachments.

Folder structure

The export contains one folder for each Google product that records activity. This folder will contain an HTML file with the record of the activity, and any related image or audio attachments.

You're in control of your data in My Activity

Review your data

[Review your Activity Data](#)

Control your data

[Choose which settings you want to save data to your Google Account](#)

More options to manage your privacy

Google Account

[Manage your info, privacy, and make Google work better for you](#)

Below are all the possible formats you could have received in your archive:

Activity records

Timestamped records of your activity across different Google Products

HTML

JSON

Image attachments

Images related to your activity records

JPEG

Audio attachments

Audio files related to your activity records

MPEG
